

C47 stereo preamplifier

- A versatile solid state preamplifier with an expansive set of inputs to connect virtually any of your analog and digital music sources.
- Supports many of the latest high resolution file formats including DSD files.
- Offers a secure, custom DSD connection for playback of SACDs when paired with the McIntosh MCT450 SACD/CD Transport.
- Headphone Crossfeed Director (HXD®) brings lifelike depth and spatiality to your music for your personal listening enjoyment.
- Home Theater Pass Through allows for seamless integration into your existing multi-channel home theater system.
- Incorporates classic McIntosh design cues, including a black glass front panel, knobs, illuminated logo and brushed aluminum end caps.

Left: C47 shown with optional MC152 amplifier, MCT450 SACD/CD Transport, XR50 speakers and MHP1000 headphones. All units sold separately.

Versatile with Exceptional Value

37.5 lbs (17kg) in shipping carton

For the Consumer's Protection:

In order to ensure the highest level of customer satisfaction, "new" McIntosh products may only be purchased over-the-counter or delivered and installed by an Authorized McIntosh Dealer. McIntosh products that are purchased over the Internet, by phone or mail order are presumed to be "used" and do not qualify for any McIntosh Warranty. McIntosh does not warrant, in any way, products that are purchased from anyone who is not an Authorized Dealer or products that have had their serial number altered or defaced.

Companion Products

The MC152 Amplifier, MCT450 SACD/CD Transport, MT5 Turntable, MHP1000 Headphones and XR50 Loudspeakers are logical companions for the C47 Stereo Preamplifier. Your Authorized Dealer can provide additional information on other McIntosh product combinations.
